CHURCH COMMUNITY BUILDER

You are invited to be a part of the online software, Church Community Builder (CCB) for Central Christian Church. This software offers an easy way to update your own information, for group leaders to communicate and plan meetings, and the information and photos for each one in the congregation will create an online directory. It is safe and only accessible to those apart of this congregation!

To get started go to cccweatherford.ccbchurch.com and follow prompts. You can save the web address as a favorite in your menu bar or on screen of your smart phone to allow easy access.

Once logged on:

- Click on your name in top right hand corner to enable the dropdown box of options.
- Click on **Privacy Settings** and update who can see your profile information. You want to list "everyone" as much as possible to allow others in online software (the congregation) to see info. *Always remember to click on **Save** at the bottom of each page.*
- Click **Edit Profile**. The first line in the Basic/Personal section is **Photo**, and provides a tab to upload a picture of yourself from your computer or smart phone by clicking **Choose File**. Also list your **Mobile Carrier** to allow communications using texting through CCB.

If you have any questions or difficulty logging onto site, call **Joy** at the church office, **817-594-3053** or email office@cccweatherford.org and she will be glad to talk you through the process in becoming familiar in using this great software!
